MD205

A powerful introduction to home moviemaking.

This easy-to-use camcorder benefits from a Canon 36x Advanced Zoom and the processing power of DIGIC DV. A microphone input allows capture of superior audio to give every movie that extra edge.

Embargo Date: 07 January 2008
Sales Start Date: Early February 2008
Target Market: Entry level consumers / Traditionalists / Education / Business

Key Features

- Canon 36x Advanced Zoom for extra magnification
- Capture home movies in True Wide High Resolution 16:9
- Start shooting almost instantly with Quick Start
- Capture higher quality audio using the microphone input
- Joystick interface offers easy control over the camcorder's key functions
- DIGIC DV processing reproduces colours with true-to-life accuracy
- Low light shooting made easier with an LCD video light
- Easy Mode and Program AE modes make shooting simple
